The Master of Professional Studies in Human Resources Management (HRM) offers business professionals the opportunity to improve their skills and accelerate their careers. Students learn from a faculty of experienced practitioners while developing a deeper understanding of organizational behavior and mastering the data analysis competencies that influence decision making. Built on a foundation of ethics, the program teaches key diversity and inclusion practices that help shape global HR policy, enabling students to become HR business partners, understand business challenges, and take a strategic approach to human capital decisions.

**PROGRAM FEATURES**

- Provides opportunities to network with and learn from professionals in Fortune 500 companies, government, and nonprofits
- Teaches students effective planning and management strategies to drive key business objectives and better respond to business needs
- Offers a flexible format to fit the schedules of working professionals
