Transcript Fee	This mandatory charge of \$20.00 covers transcript generation for the student’s lifetime; assessed only once.
Tuition	Students are assessed tuition based on number of credits.
Course Fees	Fees for specific courses may be added as students are registered for classes
Housing	Housing is optional. Students who indicated that they required housing on their admission application will receive a housing charge. For more information visit: studentliving.georgetown.edu .
Dining	Your meal plan must be purchased directly from dining services. Your meal plan charges will NOT appear on your student bill.
International Health Insurance (if applicable)	We require all international students to carry sufficient medical insurance coverage for the duration of their program. To assist in meeting this requirement, all international students will be automatically assessed an insurance charge on their student account and will be enrolled in a health insurance plan administered by HTH Worldwide. More information regarding this requirement can be found by visiting the International Students page.

Paying the Student Bill: Any outstanding balance (tuition, housing, pre-college fee, transcript fee, and international health insurance fee, if applicable) must be paid before you arrive and before you can check-in. We will not check you in if your program costs have not been paid in full. If you are living on campus, please make sure that you have been assessed housing and have enrolled in a meal plan. eBill: Your eBill reflects your account status at a given point in time. You may have made changes to your registration, housing, etc. since the last bill was produced. By becoming familiar with these resources now, you will be ready to start your classes this summer!

NetID and Password

Your NetID and password are your electronic identifiers that give you access to all of Georgetown's student electronic systems. You will need to remember your NetID and password to use your Georgetown University email, log into Blackboard, apply for your GOCARD, check your library account, request a transcript, access your final grades, etc. In other words, your NetID and password are incredibly important as these two identifiers are the gatekeeper to Georgetown's systems. If you forget your NetID you can look it up by returning to your application account and clicking on "Post Submission Updates."

NetID Password Station (password.georgetown.edu)

If you have not done so already, sign up immediately for the NetID Password Station at password.georgetown.edu! The NetID Password Station is a self-service password management tool that allows you to select and answer three security questions that you can use in the future to reset your NetID password. If you do not enroll in the NetID Password Station you may be locked out of your Georgetown accounts. If you cannot use the NetID Password Station to reset your password, you will need to submit a government-issued photo ID to University Information Services so that UIS can confirm your identity and reset your NetID password. This process can take between 3-5 business days.

MyAccess (myaccess.georgetown.edu)

MyAccess is a secure web application that grants access to the student information system. After logging in with your NetID and password you can access your course registrations, student bill, verify your contact and background information, view your grades, sign up for HOYAlert and request your transcripts.

Georgetown Google Apps: Using Your Student Email (apps.georgetown.edu)

Georgetown Google Apps is the email provider supporting your Georgetown University email address. Before and during your program, you will receive University emails. As such, you should regularly check your new email account for University correspondence. Your University NetID functions as your Google Apps username. In other words, your Georgetown e-mail address will be NetID@georgetown.edu. Your NetID password functions as your password. You can set up mail forwarding to have messages forwarded directly to any other email account you have (Gmail, Yahoo, etc). Students are strongly advised to set up the forwarding feature to remain aware of class updates, announcements, and assignments.

Online Classroom Management Systems: faculty will use one of the two systems for engaging with students online. [Blackboard](#) or [Canvas](#) are Web-based course management systems currently used at Georgetown University. Your instructor will send a welcome email to your Georgetown email no later than four weeks prior to your program start date telling you if you need to use Blackboard or Canvas as part of your coursework. You can log in to Blackboard and Canvas with your NetID and password to identify your course sites.

HOYAlert: Emergency Notification System (EmergencyManagement.georgetown.edu/HOYAlert)

HOYAlert is a notification system that may be used to alert members of the university community in the event of a campus emergency or closure. Please sign up for the HOYAlert Service by visiting <https://netid-mgmt.georgetown.edu/emergencycontact>. You will log on to the system with your Georgetown University NetID and password. Each student may enter one phone number to receive a text message, one non-Georgetown email address, and up to two phone numbers to receive a voice message.

LiveSafe App (uis.georgetown.edu/services/LiveSafe)

The LiveSafe app is a mobile safety app for Georgetown students, faculty, and staff. To learn more about the LiveSafe app or download it visit uis.georgetown.edu/services/LiveSafe.

GOCard (gocard.georgetown.edu)

Your GOCard is your student ID and access card for many campus services such as dining, laundry, printing, and residence halls. Students receive their GOCard at check in and must carry them at all times.

Check-In Day

During check-in, you will sign into your program and will be given a variety of resources, campus information, your GOCard, and additional program information that you will use throughout your time on the Hilltop.

In order to receive your GOCard at check-in you must have an official, government-issued photo ID with you to present in person. There are no exceptions to this policy. If you need a government-issued photo ID, please visit DMV.org for guidance on obtaining an state ID. Please note that ID policies vary by state and country. It is your responsibility to arrive at check-in with your government-issued photo ID so please plan accordingly.

Students are not permitted to check-in early. If you arrive early, we recommend that you explore campus, stroll through M Street, or visit the National Mall. For students who are driving to campus, we

Safety and Security

The [safety and security](#) of all members of the University community are preconditions of the learning, dialogue and personal growth at Georgetown. We work comprehensively to promote public safety on our campuses, in all University facilities, at our events and in international exchange programs. Georgetown University has a [Protection of Minors Policy](#) to protect those under 18 years of age who participate in programs and activities associated with the University and to provide guidance and requirements that apply to University students, faculty and staff who are involved with such programs and activities. The policy also includes requirements for non-University organizations that operate programs or activities involving minors on campus. Additional information about the policy may be found at: <http://protectionofminors.georgetown.edu/policy>.

[Georgetown University Police Department](#) (GUPD) conducts coordinated patrols on a regular basis to ensure campus security. GUPD is vested through the District of Columbia Metropolitan Police Department with full arrest power on all campus property. GUPD also works closely with the

Metropolitan Police Department and District of Columbia Fire Department to address issues in the area surrounding campus and respond quickly to incidents that may arise.

Summer at Georgetown has professional and experienced staff members who are trained to respond to student needs and emergencies. In the Residence Halls, there is a Resident Counselor (RC) on Duty throughout the day.

Unstructured Time Policy

Students in five-week programs have some unstructured time. Resident Counselors provide social opportunities for students to gather and participate in a variety of activities around campus, the Georgetown neighborhood, and sometimes, in DC. The three & five week students are permitted to go into the Georgetown neighborhood, defined on the north border by Reservoir Road, on the east by Wisconsin Ave, and on the south by the M St Corridor (up to 30th Street).

Students taking three credit college courses may have varied schedules depending on how many courses they take. A Monday - Friday, 3 credit course meets for 90 minutes per class meeting in the five-week session for a total of 7.5 hours per week. A Monday - Thursday courses meets for 120 minutes per class meeting in the five-week session for a total of 8 hours per week.

During free time five-week students may leave the campus and the Georgetown Neighborhood for short, non-supervised trips. Students can only leave the Georgetown Neighborhood in groups of two or more. They must sign out with their Resident Counselor, give a destination, contact information and a time of return and sign back in upon return. The farther students travel from the Georgetown Neighborhood the more difficult it is for staff and GUPD to assist should they need help. Students and their parents/guardians are strongly encouraged to discuss and agree upon appropriate boundaries when leaving the Georgetown Neighborhood. Failure to abide by this policy will result in judicial repercussions and possible dismissal from the program.

We encourage all students to adhere to safety recommendations: never walk alone at any time of the day especially at night, lock your door and always carry your keys, wear your SCS Summer Programs for High School Students lanyard with contact information, and stay aware of your surroundings while walking (do not listen to music/talk on the phone).

Extended Leave Policy

To request a leave, the parent/legal guardian of the student must complete the online form, acknowledge the leave policies and procedures, and authorize the student to leave the program. No leave requests will be accepted via telephone. Any requests conflicting with academic programming are not approved. Request for leave cannot be used to adjust curfew hours. For all approved leave, the parent/legal guardian assumes responsibility for the student's safety and whereabouts.

Requests must be received at least THREE business days PRIOR TO THE PROGRAM START DATE. Requests received after the deadline will only be considered under special circumstances. Leave requests may be approved, approved with modifications, or denied on academic and/or administrative grounds. Approval will not be granted if the form is incomplete. Summer Programs for High School Students manages all requests and starts accepting requests on May 1, 2017. Staff will process and respond to requests beginning June 1, 2017 in the order they are submitted throughout spring and summer. Once initial requests are approved we will strive to reply to new requests within 3 business days. Please note: during peak times response might be delayed. Summer Programs for High School Students retains final decision authority on all requests. Requests received prior to May 1, 2017 will not be considered or approved.

Any student found to have left a program without prior approval will be subject to immediate dismissal from the program.

To uphold this tradition, the University community has established an honor system for all students. Summer students are bound by the regulations outlined in the Georgetown University Honor System. All Summer students should read and familiarize themselves with these regulations, which are accessible at honorcouncil.georgetown.edu. A non-exhaustive list of prohibited conduct includes:

- Cheating on exams and other assignments
- Committing plagiarism
- Using false citations

- Submitting work for multiple purposes
- Submitting false data
- Falsifying academic documentation
- Abuse of library privileges
- Abuse of shared electronic media

Depending on the situation, the consequences for violating the University Honor Code can include a letter of censure, notation on student transcript, suspension, or dismissal from Georgetown University.

Campus Life

Campus life during the summer at Georgetown is as much a part of the college experience as the classwork. Special floors in residence halls are designated for the summer high school student residents.

Residence Halls

A resident student learns which residence hall he or she will be staying in at check-in. After 4:00 p.m. on the day of check-in students will pick up their room key at their Residence Hall Office (RHO). At the end of your stay, you are expected to return the key at check-out.

All of the residence halls are air-conditioned; however, students may bring fans if they wish. Every room is carpeted and furnished with a bed, a desk, and a chair for each resident. Students are required to bring their own linens. Please be sure to pack extra-long twin sheets. Bookshelves, drawers, and closets are built into the rooms.

Resident Counselors (RCs)

Students are assigned to a RC, a professional who lives in the residence halls with students and receives extensive training. RCs will work with you to maintain a positive community on the floor through community-building activities.

Curfew, Quiet Hours, and Bed Checks

Please note that Monday-Thursday, floor curfew is at 11:00 p.m. and bed checks are at midnight. On Friday and Saturday, floor curfew is at midnight and bed checks are at 1:00 a.m. These policies are designed to ensure the safety and security of all high school Summer Students living on the Georgetown campus. Twenty-four hours a day reasonable quiet must prevail in University-owned housing. An atmosphere of quiet is especially to be maintained between the hours of 9:00 p.m. to 9:00 a.m. each day.

Roommates

In order to support a true college living and learning experience the Summer Programs for High School Students does not accommodate roommate requests. Students will meet their roommates on check-in day; however, students are not guaranteed a roommate and may be assigned to a single room.

Social Events and Activities

Students are encouraged to engage in the rich and varied cultural life of the University during the summer. On the first night of their program, all students will have a floor meeting to go over program rules and expectations, and meet their new community members. Toward the end of each week, the Summer Programs for High School Students staff will host a social event. Past events have included dances, carnivals, and game nights. Non-resident students are welcome at all events.

Guests

Student hosts are responsible for the behaviors of any individuals one allows to access the residence halls. Guest(s) of different sex from the host may visit in the common room of the residence hall only and may not be in the hallway or individual room of the host.

- A. The right to quiet takes precedence over a roommate's privilege to have guests of the same sex in their residence hall room. If one roommate wishes to have quiet time and another roommate's guests are interfering with the necessary quiet, the guests shall be asked to leave the room.
- B. No overnight guests are permitted at any time. No persons of college age are permitted at any time. No guests are allowed after curfew or during quiet hours.

Residence Hall Security

Students use their GOCard to access their residence hall. To ensure safety, security guards are stationed at major residence hall access points. The [Georgetown University Police Department](#) supervises all security guards. Additionally, the University operates an emergency response team 24 hours a day to respond in the event of emergency situations.

High-Efficiency laundry facilities are available in the residence halls. Students pay for laundry services using funds that you add to the GOCard.

For International Students

Immigration Matters for Credit International Students

Visa Information

By provision of federal law, the Department of Homeland Security has strict reporting requirements for schools that enroll foreign nationals. All admitted international students (including permanent residents) are required to report accurate citizenship and immigration status via an immigration questionnaire. Georgetown highly encourages summer credit students to apply for F-1 visas for participation in all academic summer sessions.

- International students participating in a credit program will need to be full-time students enrolled in at least six credits for the duration of the session in order to study at Georgetown in F-1 student status.
- Students will work with the International Programs Advisor on the I-20 process.
- Students should allow at least six weeks for the processing of immigration documents. For Session I we recommend applying by April 12, 2017 and for Session II by May 26, 2017.
- All admitted international students studying in F-1 status must attend a mandatory immigration orientation session upon arriving to Georgetown. The date and time of this session will be announced via email.

Mandatory International Student Health Insurance

Georgetown University's Summer Programs for High School Students requires all international students¹ to carry sufficient medical insurance coverage for the duration of their program. To assist in meeting this requirement, all international students will be automatically assessed an insurance charge on their student account or student invoice and will be enrolled in a health insurance plan administered by HTH Worldwide, underwritten by BCS Insurance Company. Requests for insurance waivers will not be considered.

Students who are dual U.S. citizens living outside of the U.S. and do not have U.S. medical insurance are not eligible for a health insurance plan through HTH Worldwide. Students in this situation will need to obtain their own health insurance for their time at Georgetown University.

Credit International Student Insurance rates for Summer 2017 are assessed at \$145 for all international students.

HTH is the insurance agency that Georgetown University selected. HTH creates customized health plans for international students. HTH is the "third party claims administrator," the company responsible for reviewing claims and all reimbursements.
