## One Brick

[onebrick.org](http://onebrick.org)

One Brick brings volunteers together to support other non-profit organizations by adopting an innovative twist to the volunteer experience: they create a friendly and social atmosphere around volunteering, and after each volunteer event, they invite volunteers to gather at a local restaurant or cafe where they can get to know one another in a relaxed social setting.

Their 'commitment-free volunteering' allows you to choose when you volunteer, rather than having to make commitments for a certain number of volunteer hours, or agree to be available every week at a specific time.
